EUGENE KIHARA

UI/UX DESIGNER | PRODUCT DESIGN SPECIALIST

Nairobi, Kenya | +254 726 832 254 | kiharaeugene@gmail.com

PROFESSIONAL SUMMARY

Product Designer (UI/UX) with specialized training from Moringa School and a Bachelor of Business & Information Technology degree, offering a powerful combination of human-centered design craft and technical web fluency. Experienced in taking products from user research, empathy mapping, and competitive analysis to wireframes, interactive Figma prototypes, and developer-ready interfaces. Supported the design and end-to-end launch of a live corporate web application, grounding design decisions in user feedback and data analytics (SQL, Excel). Proven ability to collaborate effectively in Agile teams, translate complex business needs into clear user stories, and ensure accessible, intuitive user experiences.

SKILLS & DESIGN COMPETENCIES

Design & Prototyping: Figma (Wireframing, Prototyping, Component Libraries, User Flows), Responsive Web/Mobile Design, Design Systems, Information Architecture, Lucidchart, Canva.

UX Research & Strategy: Qualitative User Research, Competitive Analysis, Empathy Mapping, Jobs-to-be-Done (JTBD), Usability Testing, User Stories, Acceptance Criteria.

Front-End & Technical Literacy: HTML, CSS, JavaScript, PHP, WordPress Basics, MySQL, Git, GitHub (Facilitating smooth engineering handoff).

Product & Agile Collaboration: Requirements Gathering, Feature Prioritization, Agile/Scrum Fundamentals, Jira, Trello, Notion, Slack, Google Workspace.

Data & Analytics: SQL Querying, Microsoft Excel, Power BI (Basic) — informing user-centered, data-backed design iterations.

PROFESSIONAL EXPERIENCE

Intern, Web & Product Design — **Aster Limited** Feb 2026 – Sep 2026 | Nairobi, Kenya

- Contributed to the UI/UX design and front-end development of the company's first web platform (https://asterltd.com/) from requirements gathering through successful launch.
- Applied user-centered design principles to enhance accessibility, navigation flow, and visual consistency for first-time digital customers.
- Collaborated with key stakeholders to define project scope, translating business goals into user stories, wireframes, and design documentation.
- Tracked and analyzed operational data using SQL and Excel, ensuring user-facing features aligned with inventory movement and business workflows.

ICT Support & User Experience Attaché — **Kenya National Bureau of Statistics (KNBS)** Aug 2024 – Dec 2024 | Nairobi, Kenya

- Collaborated with cross-functional technical teams to analyze workflow bottlenecks, improving system usability and user satisfaction.
- Managed IT service incidents end-to-end using structured troubleshooting, reducing downtime across core data systems.
- Provided technical guidance and system training to staff members, accelerating the adoption of newly implemented digital workflows.
- *Extended attachment duration by 1.5 months based on performance to assist with key data initiatives and system usability reviews.*

Volunteer, User Operations — **Kenya National Library Service** Jan 2024 – Apr 2024 | Nairobi, Kenya

- Assessed physical and digital catalog accessibility, recommending operational and space layout improvements to enhance overall user experience.

SELECTED UI/UX DESIGN PROJECTS

- **Aster Corporate Website (asterltd.com):** Designed responsive UI layouts and user journeys from scratch, driving digital presence and accessibility.
- **Shamba Rahisi (Agri-Tech UX Research):** Conducted extensive user research and competitive analysis around farmer challenges, defining user flows for soil management and farm planning.
- **Wave Eats (Food Delivery Concept):** Modeled user flows, prioritized core features, and designed high-fidelity Figma prototypes to address high delivery fees and user pain points.
- **School Pata (Education Discovery Platform):** Applied empathy mapping and Jobs-to-be-Done (JTBD) framework to design a parent-focused school discovery portal with intuitive filtering.
- **Trendz Beauty Business App:** Defined requirements for an inventory management app, translating business goals into detailed user flows, user stories, and wireframes.

EDUCATION & QUALIFICATIONS

Product Design (UI/UX) Professional Certification – **Moringa School** 2025 – 2026

Bachelor of Business & Information Technology (BBIT) – **Riara University** 2021 – 2025

Diploma in Business Information Technology (DBIT) – **Riara University** 2019 – 2021

Kenya Certificate of Secondary Education (KCSE) – **Kagumo High School** 2015 – 2018
